

We Deliver Solutions

Keeping pace with the changes in engine technologies, fuel and lubricant specifications, and all of the resulting new variables can cost you a tremendous amount of time and money beyond just product costs. You need an answer – a SOLUTION – now! Yocum Oil's experienced team, coupled with our outside experts, will provide the answers and solutions to keep you running at the lowest total cost.

- Do you have diesel engines in your fleet?
- Are you maximizing the life of your equipment?
- Have you taken steps to control your fuel costs and reduce price risk?
- Are you concerned about the impact of Ultra Low Sulfur Diesel and bio-diesel on your fleet's productivity and performance?

Tuesday, May 22, 2007

9:30 am to 4:00 pm
